Reviews

"We have just refurbished our home and our builder recommended using Elliotts for our kitchen and two bathrooms. Their designers, Lucia and Lorna, gave an excellent service and took into account our ideas and gave them a modern touch. They were very patient and understanding if there was a need to tweak the layout!

We are thrilled with the results and would highly recommend them."

CLIENT, ROMSEY ★★★★★

"We used Lorna's expertise when renovating our bathroom. After weeks of frustration, we stumbled across Elliotts almost by chance, and Lorna was like a breath of fresh air. She was knowledgeable, efficient and professional, and made the whole process much less hassle than it might have been. **A year later, when renovating the ensuite we didn't bother even looking anywhere else** and just went straight back to Lorna. From initial design, numerous phone queries and tweaks to the order, through to the final delivery drivers, it was good old fashioned quality, experience and customer care - things that aren't always so common nowadays.

Wouldn't have any hesitation recommending Lorna and Elliotts."

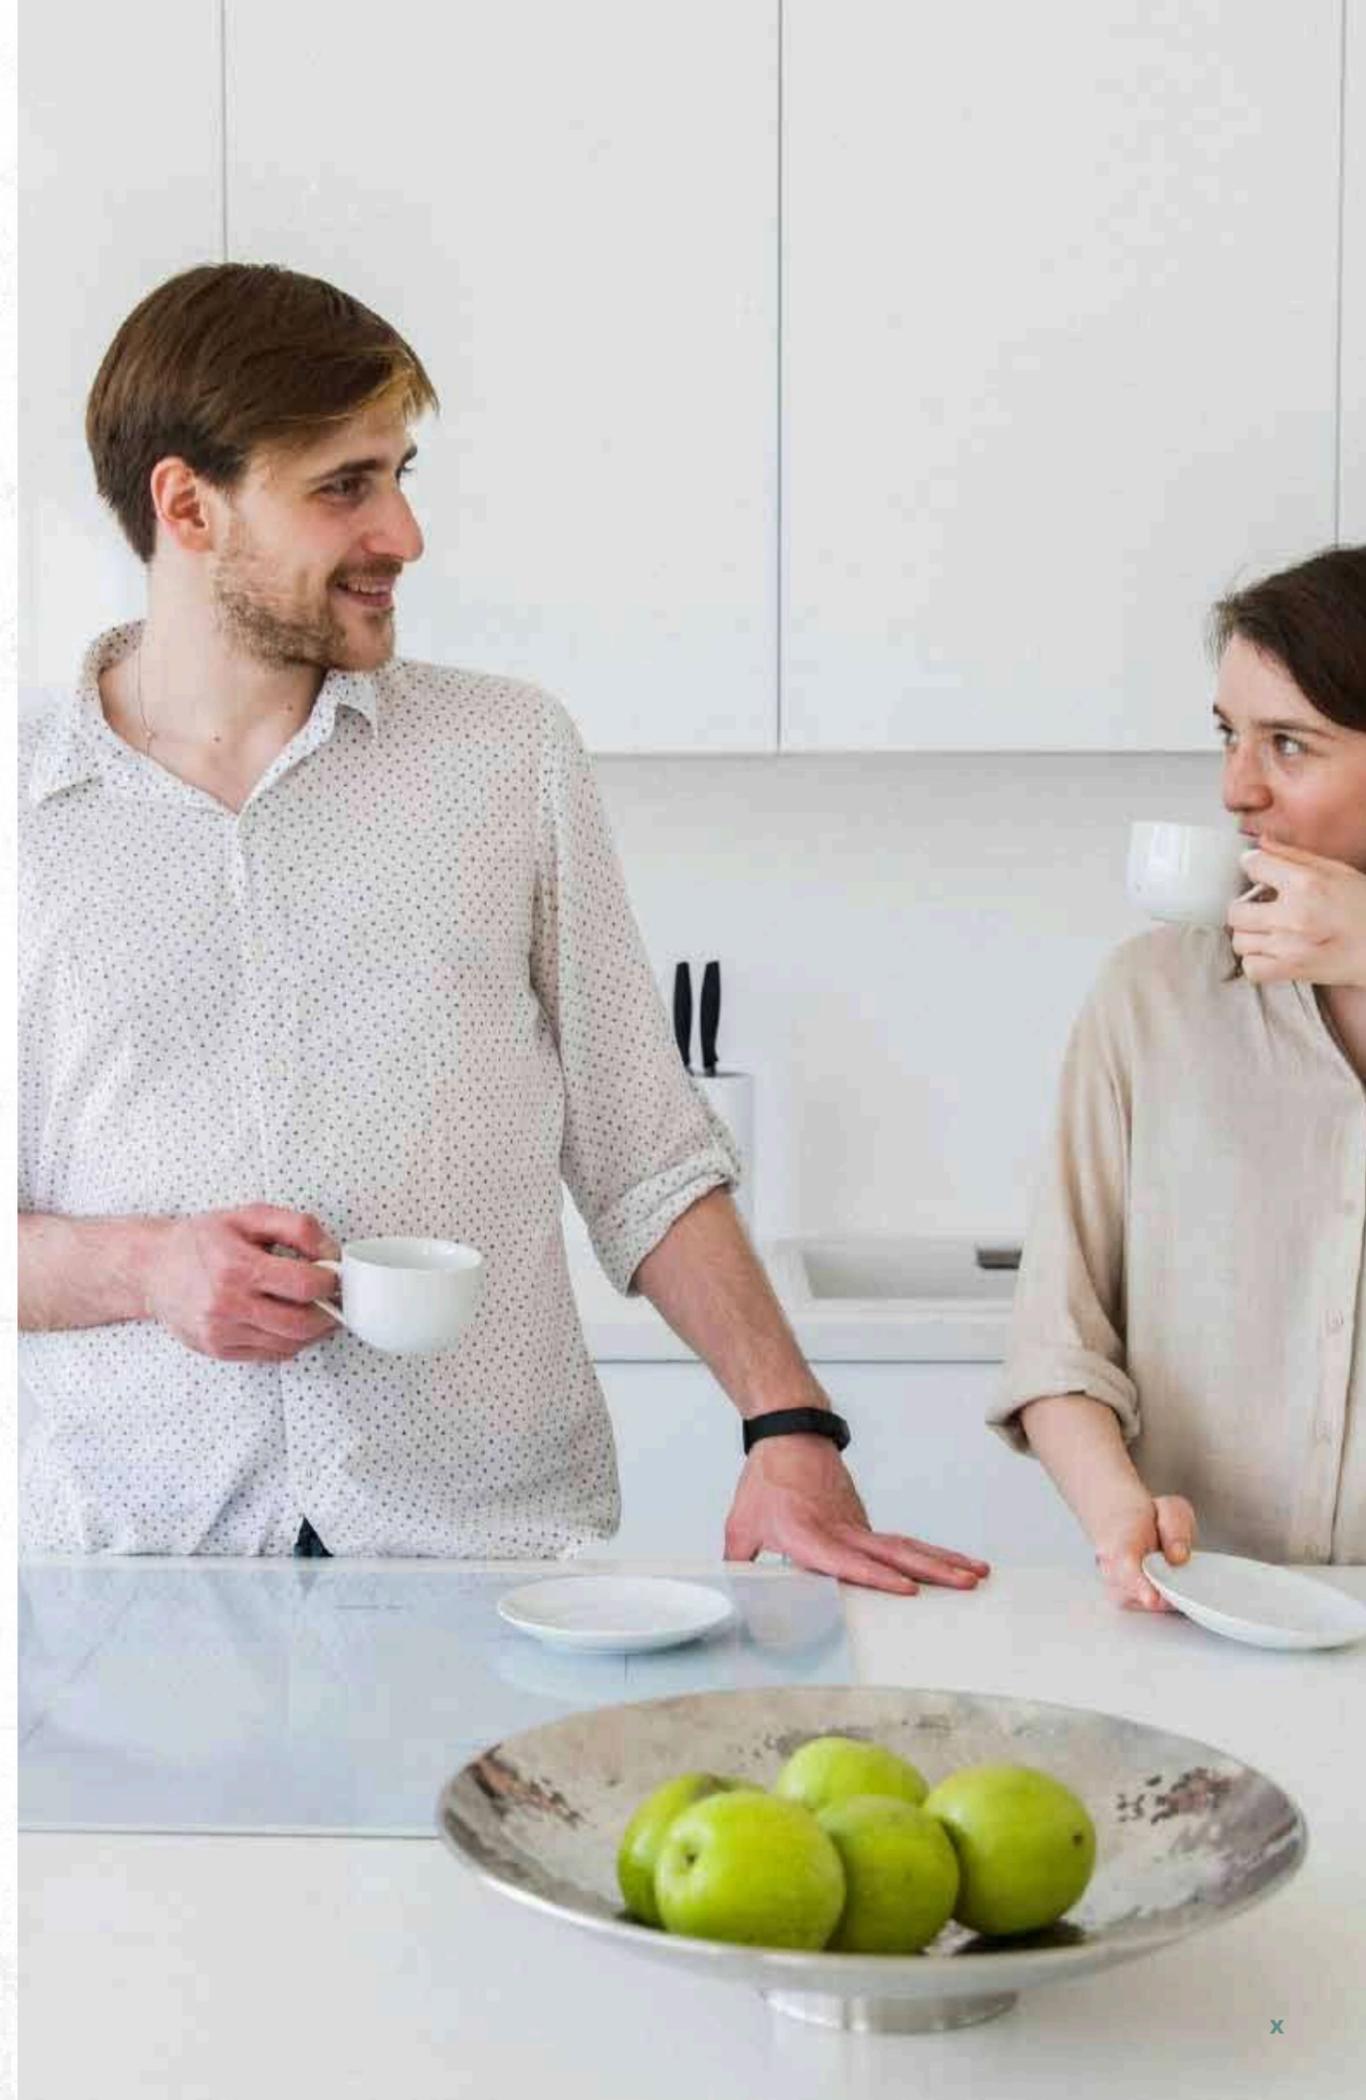

CLIENT, CHANDLER'S FORD ★★★★★

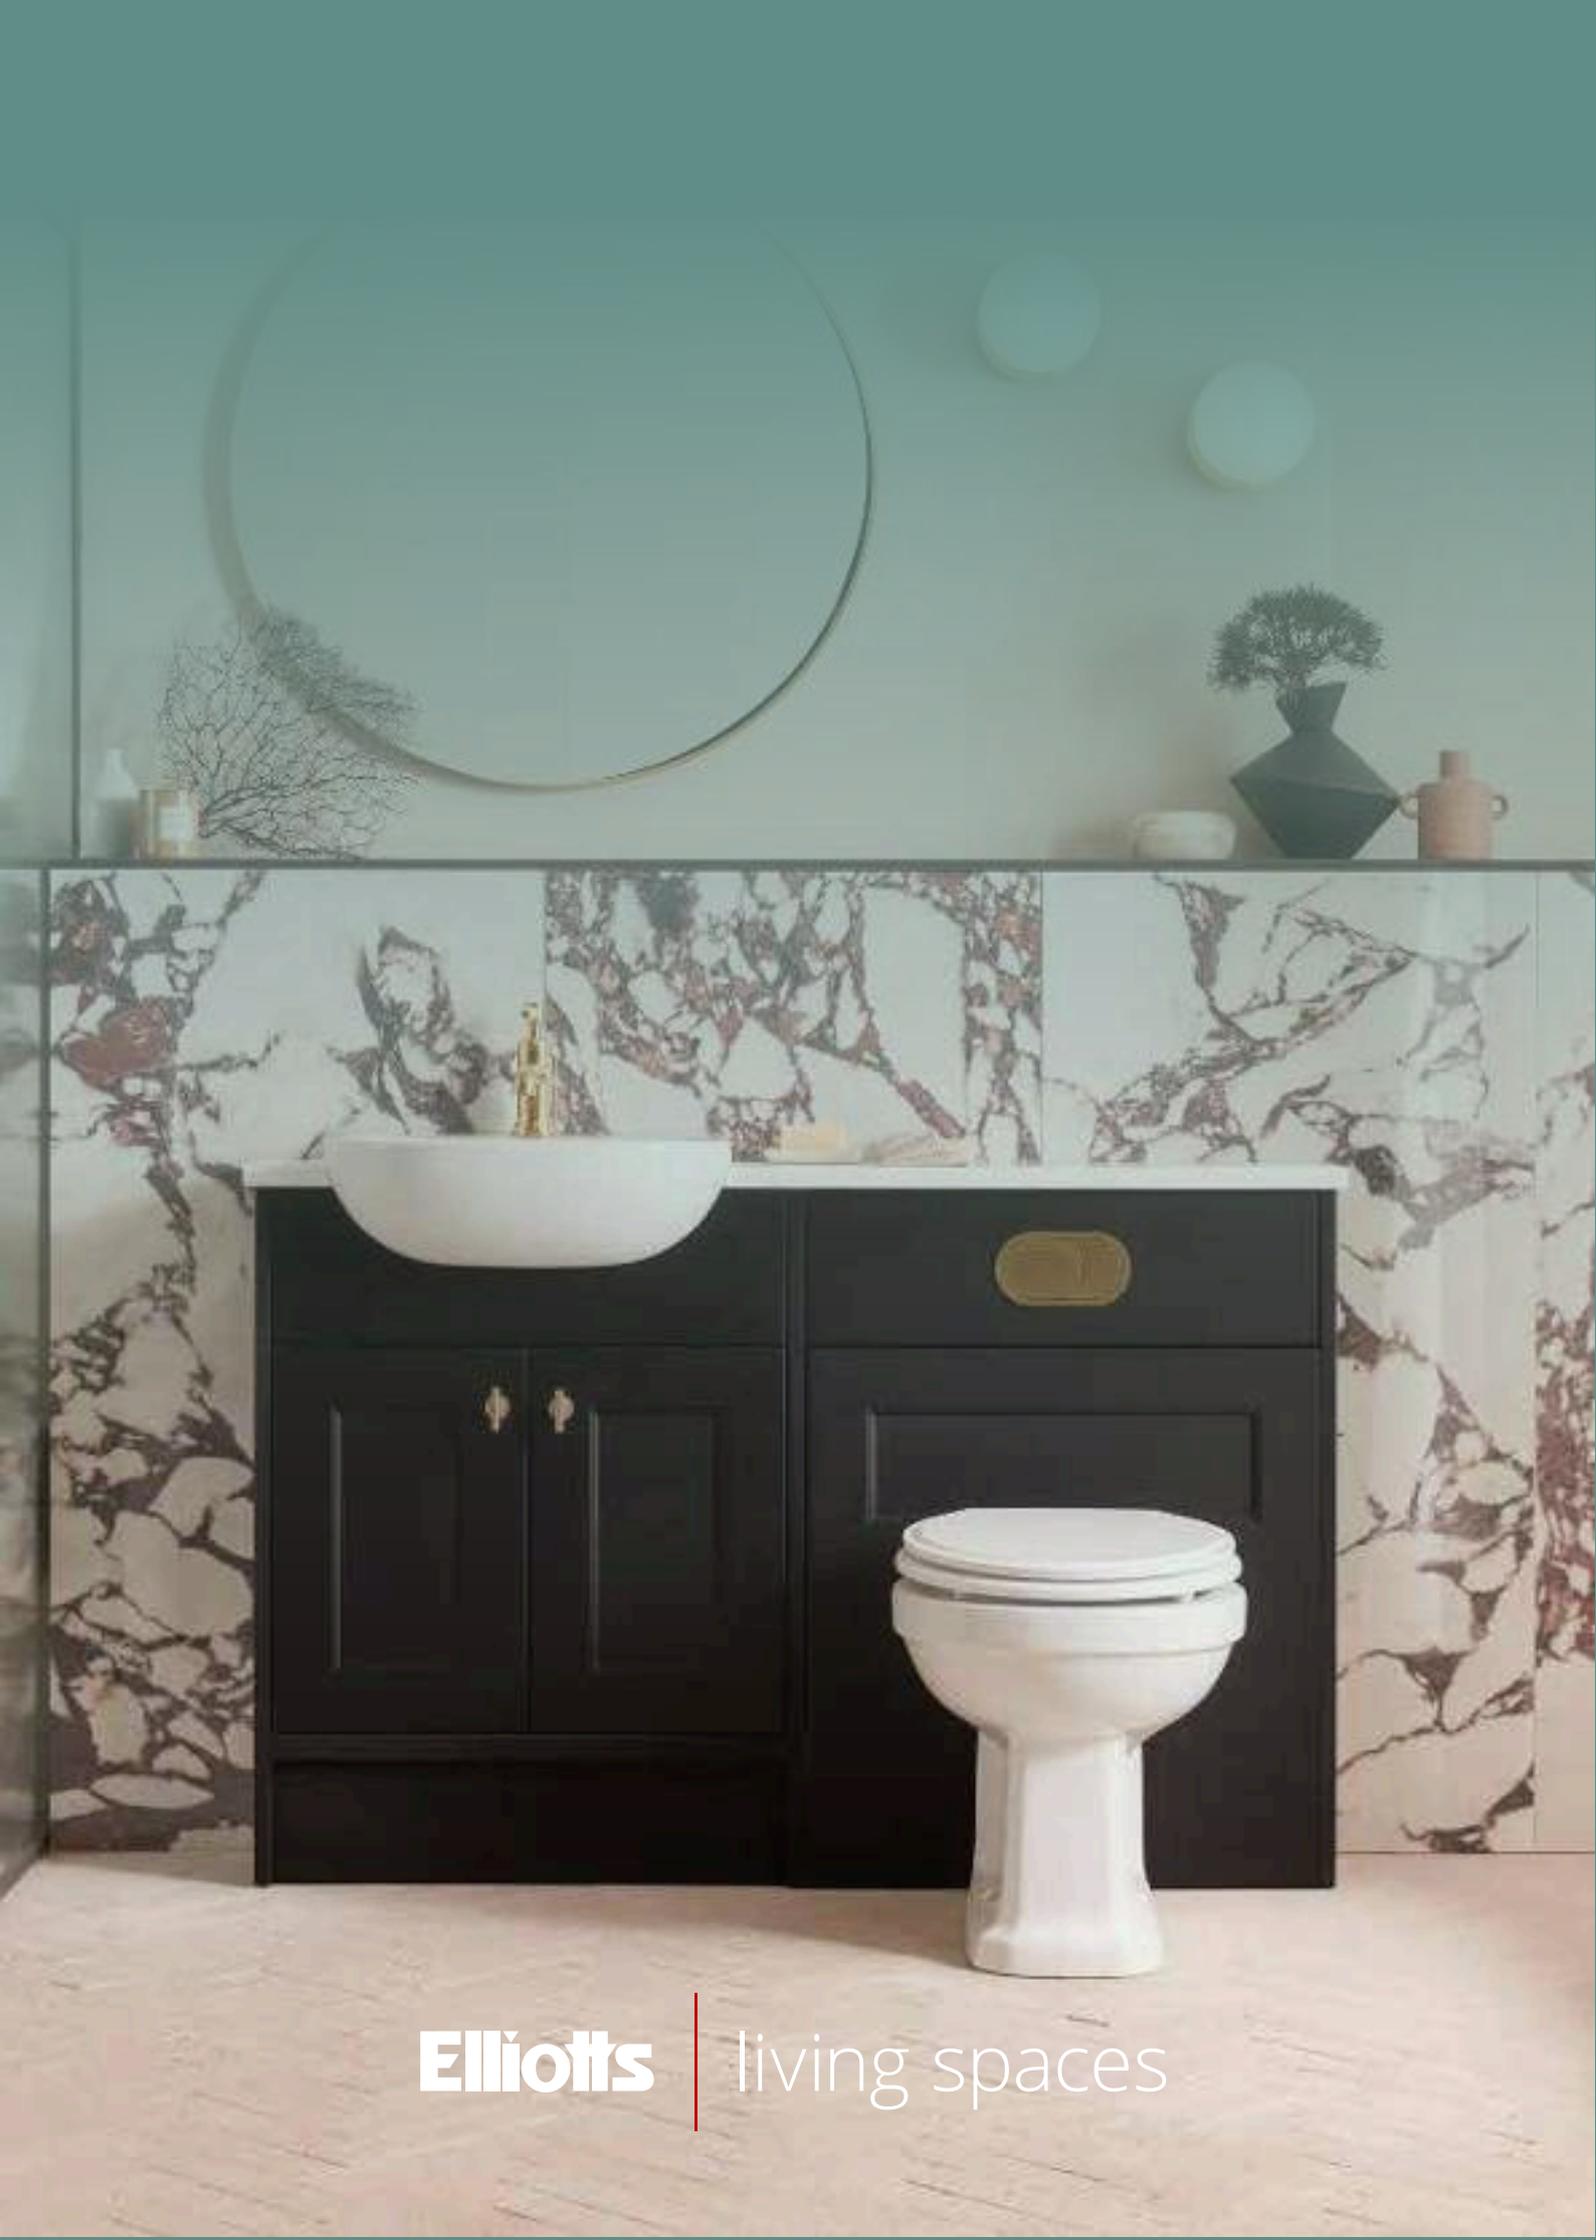

"Thank you, Lucia! You gave us everything we wanted and more!"

After spending 18 months researching a kitchen design that worked for us, speaking with no fewer than five different designers and kitchen experts we finally found Lucia at Elliotts. She met with us and was careful to make sure she understood what we use our kitchen for; not just cooking but also entertaining. Her design was brought to life by Flavio, his experience and skills, together with his team of experts. They delivered the kitchen we had dreamed of.

Highly recommend anyone looking to make home improvements (especially to their kitchen), to contact Elliotts and ask for Lucia."
